EXPERIENCE

Full Stack Intern — SourceFuse

Jun – Jul 2025

- Developed and deployed production-ready web apps using React, Tailwind CSS, Django REST Framework, Pandas, and OAuth with focus on scalability, responsiveness, and security.
- Built an Auto Insight Generator for automated data analysis and visualization of Excel and CSV files.
- Worked in an agile team, engaging in sprint planning, code reviews, and collaborative development.

PROJECTS

InsightHub | *React, Tailwind CSS, DRF, Pandas, Chart.js, Grok API, JWT, Google OAuth*

[GitHub](#) | [Live](#)

- Developed an AI-driven tool to analyze and visualize Excel/CSV data with interactive Histogram and Pie charts, automatically generating insights and integrating a smart chatbot using the Grok API.
- Secured access with JWT and Google OAuth while building scalable backend APIs and a responsive UI for automated data analysis and visualization.

Saral | *React.js, Tailwind CSS, Node.js, Express.js, MongoDB, JWT, Google OAuth*

[GitHub](#) | [Live](#)

- Developed a full-stack digital queue management system for booking and tracking tokens online across multiple organizations, with real-time queue tracking and token management features.
- Implemented secure user authentication and authorization using JWT and Google OAuth, along with RESTful APIs for organization management, token booking, user handling, and queue operations using Express.js and MongoDB.

ACHIEVEMENTS / PARTICIPATIONS

- **WIEHACK 5.0 – Prototype Round:** Cleared the initial selection rounds and reached the Prototype Round among 50+ teams from 1,800+ registrations.
- **Smart India Hackathon (SIH) – Team Leader:** Led a 5-member team to clear the internal selection round among 150+ teams, securing a position among the top 30 shortlisted teams through strong problem-solving and teamwork.

EXTRA-CURRICULAR ACTIVITIES

Google Developer Students Club (GDSC) – DSA Member

- Assisted in organizing technical workshops, coding events, and community activities.
- Collaborated with team members to promote peer learning and student engagement.

Geek Room – Coding & Dev Society – DSA Core Member

- Conducted regular problem-solving meetups and guided peers in mastering DSA patterns.
- Played a key role in managing events and mentoring juniors in competitive programming.
